

COLOUR CONSULTATION | R2900 DURATION | APPROX 2.5 HOURS

GROUP WORKSHOP - PRICE ON REQUEST

The impact of colour should never be underestimated. Wearing the right colour will always enhance your appearance, complimenting your natural assets and therefore give you an image of health, radiance, youth and vitality.

Wearing the wrong colour might leave you looking tired, aged, ill, boring and sometimes even unintelligent should the colour be too clear for a muted complexion. Apart from that, wrong colour enhances natural flaws such as fine lines and wrinkles, under-eye circles, pigmentation, etc. During your Colour Consultation I will determine exactly which one of the twelve Colour Seasons you fall into and which colours and intensity of colours will enhance your natural features.

THIS IS A ONCE-OFF INVESTMENT THAT ONLY NEEDS TO BE RE-EVALUATED APPROXIMATELY EVERY 10 YEARS.

YOU RECEIVE:

A personalized, DIGITAL COLOUR SWATCH uploaded to your phone. This digital swatch includes approx. 160 different colours for your specific skin tone.
